

(7) The American aeronautics industry is the top contributor to the United States balance of trade, with a net contribution of more than \$41,000,000,000 in 1998.

(8) Less than 10 years ago, American airplane producers controlled over 70 percent of the global market for commercial aviation.

(9) America's dominance in the world's civil aviation market is being challenged by foreign companies like Airbus, which now has approximately 50 percent of the world's civil aviation market, and is aiming to capture 70 percent.

(10) The rise of foreign competition in the global civil aviation market has coincided with decreases in NASA's aeronautics research budget and a corresponding increase in European investment.

(11) NASA's aeronautics laboratories have the research facilities, including wind tunnels, and technical expertise to conduct the cutting-edge scientific inquiry needed to advance state-of-the-art military and civil aircraft.

(b) SENSE OF THE SENATE.—It is the sense of the Senate that the United States should increase its commitment to aeronautics research funding.

SEC. 433. UNDERGROUND STORAGE TANKS. Not later than May 1, 2000, in administering the underground storage tank program under subtitle I of the Solid Waste Disposal Act (42 U.S.C. 6991 et seq.), the Administrator of the Environmental Protection Agency shall develop a plan (including cost estimates)—

(1) to identify underground storage tanks that are not in compliance with subtitle I of the Solid Waste Disposal Act (42 U.S.C. 6991 et seq.) (including regulations);

(2) to identify underground storage tanks in temporary closure;

(3) to determine the ownership of underground storage tanks described in paragraphs (1) and (2);

(4) to determine the plans of owners and operators of underground storage tanks described in paragraphs (1) and (2) to bring the underground storage tanks into compliance or out of temporary closure; and

(5) in a case in which the owner of an underground storage tank described in paragraph (1) or (2) cannot be identified—

(A) to bring the underground storage tank into compliance; or

(B) to permanently close the underground storage tank.

SEC. 434. The comment period on the proposed rules related to section 303(d) of the Clean Water Act published at 64 Federal Register 46012 and 46058 (August 23, 1999) shall be extended from October 22, 1999, for a period of no less than 90 additional calendar days.

SEC. 435. Section 4(a) of the Act of August 9, 1950 (16 U.S.C. 777c(a)), is amended in the second sentence by striking "1999" and inserting "2000".

SEC. 436. PROMULGATION OF STORMWATER REGULATIONS. (a) STORMWATER REGULATIONS.—The Administrator of the Environmental Protection Agency shall not promulgate the Phase II stormwater regulations until the Administrator submits to the Committee on Environment and Public Works of the Senate a report containing—

(1) an in-depth impact analysis on the effect the final regulations will have on urban, suburban, and rural local governments subject to the regulations, including an estimate of—

(A) the costs of complying with the 6 minimum control measures described in the regulations; and

(B) the costs resulting from the lowering of the construction threshold from 5 acres to 1 acre;

(2) an explanation of the rationale of the Administrator for lowering the construction site threshold from 5 acres to 1 acre, including—

(A) an explanation, in light of recent court decisions, of why a 1-acre measure is any less arbitrarily determined than a 5-acre measure; and

(B) all qualitative information used in determining an acre threshold for a construction site;

(3) documentation demonstrating that stormwater runoff is generally a problem in communities with populations of 50,000 to 100,000 (including an explanation of why the coverage of the regulation is based on a census-determined population instead of a water quality threshold); and

(4) information that supports the position of the Administrator that the Phase II stormwater program should be administered as part of the National Pollutant Discharge Elimination System under section 402 of the Federal Water Pollution Control Act (33 U.S.C. 1342).

(b) PHASE I REGULATIONS.—No later than 120 days after enactment of this Act, the Environmental Protection Agency shall submit to the Senate Environment and Public Works Committee a report containing a detailed explanation of the impact, if any, that the Phase I program has had in improving water quality in the United States (including a description of specific measures that have been successful and those that have been unsuccessful).

(c) FEDERAL REGISTER.—The reports described in subsections (a) and (b) shall be published in the Federal Register for public comment.

SEC. 437. PESTICIDE TOLERANCE FEES. None of the funds appropriated or otherwise made available by this Act shall be used to promulgate a final regulation to implement changes in the payment of pesticide tolerance processing fees as proposed at 64 Fed. Reg. 31040, or any similar proposals. The Environmental Protection Agency may proceed with the development of such a rule.

This Act may be cited as the "Departments of Veterans Affairs and Housing and Urban Development, and Independent Agencies Appropriations Act, 2000".
